

Spotless results and savings in one touch

NeoBlue Touch Undercounter
Glasswasher

You talk...

I need to wash glassware in the easiest and most reliable way, a solution without any complicated options to choose from. I need good quality washing results, a solution with low running costs in energy, water and chemicals consumption. I need a simple solution with access to key information in one place.

...we listen

We have always considered customer insight first, introducing innovative technological solutions throughout the years. Our sustainable approach aims to develop efficient and low-consuming products, allowing you to optimize your work time, monitor your equipment consumption and save on costs.

Smart savings and ergonomics

Reduce your energy consumption up to 40% and water and chemical usage accordingly*. Ensure stress-free operation and cleaning.

Outstanding washing results

Achieve flawless results each time with 360° water spray coverage, plus the right combination of detergents and accessories. Increase productivity thanks to a greater loading capacity.

Simplicity in one touch

Simplify your daily work experience seamlessly with the intuitive touch button, the color-coding and the OnE Connected App. Touch once, connect instantly.

*Measured according to EN 63136, comparing NeoBlue Touch with MyEco cycle to the previous Electrolux Professional Undercounter range with 3lt water consumption/cycle.

A step into sustainability

At Electrolux Professional, we aim to create efficient and reliable solutions in order to guarantee our customers an extended lifespan of the product.

MyEco cycle consumes up to 40% less energy at 260 Wh/rack and 30% less water with 2,1 L consumption

Save more than 3 thousand kWh/year, equivalent to nearly 145 thousand smartphones charged***

0,08Kg
EMISSION/CYCLE**

Reduce CO₂ emissions by more than 7 thousand Kg/year, equivalent to more than 469 thousand smartphones charged***

**Calculation by energy consumption during product usage, EFCEM profile (36 cycles/day*300 days/year), considering a mix of energy sources as by calibrated EU database upd. values [kgCO₂eq /KWh] - Source: IEA 2020 released in 2023 - The EIA Emissions Factors are specified for Electricity & Heat CO₂ and include CH₄ and N₂O factors, according to IEA for 2021 also. Comparison made between NeoBlue Touch with MyEco cycle and the previous Electrolux Professional Undercounter range with 3lt water consumption/cycle.

***Calculated by EPA (US Environmental Protection Agency)

4-star ergonomic design

- Simple operation through the user-friendly interface
- Ergonomic design ensures minimal stress on the user
- Soft opening for easy loading
- Color-coded components for trouble-free cleaning

Product lifecycle extension

- Easy maintenance from Service technician
- Dedicated diagnostic support and troubleshooting procedure
- Availability of spare parts for at least 10 years
- Easy service manual and training

Sustainably packaged

- 100% recyclable to ensure full circularity
- Packaging made from a mix of 70% recycled cardboard, and paper from FSC*
- Water-based ink

*Forest Stewardship Council which is the world's leading organization for sustainable forestry.

Designed for performance

Glasswasher L offers spotless results time after time regardless of cycle selection. Improve your workflow with enhanced loading capacity.

High productivity

- ▶ **+60%** higher productivity to reduce labour cost*
- ▶ Up to **65** basket/hour (1170 dishes/hour)**

*Comparison made between NeoBlue Touch with MyEco cycle and the previous Electrolux Professional Undercounter range with 3lt water consumption/cycle.
 **With Fast cycle, option available from the app starting Jan. 2025. Theoretical production in optimal working conditions.

Maximized loading space for superior customer experience

- Benefit from a market-best loading height of **~400 mm**, allowing for superior flexibility when loading
- Easily fit beer glasses

NeoBlue Touch Glasswasher L handles all types of beverage dishwares, from cups to a variety of glasses.

Performance, innovation, and control

1 ▶ Flawless results

Achieve a 360° spray coverage, regardless of item placement, and ensure no corners are missed with 3x better coverage from the integrated washing arm.

2 ▶ Maintain peak performance

Enhanced filtration to reduce clogging and keep water clear, cycle after cycle with our innovative colour-coded filters.

3 ▶ Comprehensive control

Benefit from total control over hydraulics with our electronic system, offering high performance while reducing energy consumption.

SIMPLICITY IN ONE TOUCH

Want to keep track of your dishwasher consumption, and get access to vital insights helping streamline your business?

Download OnE Connected App.

Scan the QR code on the front of your undercounter.

OnE Connected App

Unlock NeoBlue Touch potential:

- **Connect** – one single click, and the APP will begin mirroring undercounter activity using Bluetooth technology
- **Control** – access real-time data monitoring, adjust your parameters, receive alerts and organize a service all from the palm of your hand
- **Customize** – select from a variety of specialized programs, or create custom ones suited to the unique demands of your business

Touch Button

A single button is all it takes to operate NeoBlue Touch. The change in color communicates the current state to the user. Whether warming up, refilling detergent, or performing a cycle, identify your's status in a matter of seconds.

Maximize results in minimal space

The Electrolux Professional Glasswasher S single skin model ensures business success, regardless of space limitations.

Flexible and high performing

Operate NeoBlue Touch S with minimal training thanks to easy-to-use and ergonomic design. Select one of the four programs available according to your needs, and visualize the program status thanks to the color-coded button.

Perfect washing and rinsing result thanks to the design of the powerful upper rinsing and lower integrated washing and rinsing arms.

Silent cycle thanks to double skin door and smooth operation given by the soft opening.

Reliable and long lasting full stainless steel body, wash tank and chamber. Detergent pump, drain pump and tank filters available with Plug&Play version.

Different customers, different needs

S models are suitable for 400x400 mm baskets.
