Electrolux Professional Genuine detergents

With Electrolux Professional detergents we take care of the Environment, People and your Equipment:

Our products ensure the best performance and highly effective cleaning solutions with perfect balance between equipment and detergents.

We guarantee appliances' longevity by means of intensive and accurate laboratory testing, always ensuring perfect cleaning results as well as the highest performance of the equipment and its components.

We have developed ecofriendly detergents with high quality raw material and low environmental impact, which are able to avoid glass wear and extend textile life. All Electrolux Professional detergents are over 95% biodegradable fulfilling the strictest regulations on the global market and complying with REACH regulation; moreover, our internal Restricted Material List is even more severe to provide you the safest solution.

Furthermore, discover our brand-new ECOLABEL and NORDIC SWAN products developed to be effective and safe for the environment.

Coffee machines detergents

We recommend you to clean your machine daily to save both power and help you avoid costly repairs. By doing a little bit of daily maintenance and a regular deep clean, you can prevent the building up of back pressure on your pump and make the element work far more effectively.

Use these items to clean your coffee machine.

Code OSPO27

U01 Cleaning Tabs for Espresso Machines

- ▶ Removes coffee residuals and oils in super-automatic Espresso machines
- ▶ Facilitates the cleaning of the equipment
- ▶ Ensures efficient and extended working of the machine
- ▶ Formulated to dissolve in super-automatic cleaning cycles
- ▶ A convenient portion for easy and controlled dosing
- ▶ Improves flavour and aroma of espresso after the machine is cleaned
- ▶ 120 tabs of 2.4g

Code 0SPO28

U02 Cleaning Tabs for Standard Espresso Machines

- ▶ Removes coffee residuals and oils in Standard Espresso machines
- ▶ Facilitates the cleaning of the equipment
- ▶ Ensures efficient and extended working of the machine
- ▶ A convenient portion for easy and controlled dosing
- ▶ Improves flavour and aroma of espresso after the machine is cleaned
- ▶ 100 tabs of 1g

Code 0SPO29

U03 Milk Frother Cleaner

- ▶ Removes deposits that occur from milk steaming and frothing
- ▶ For use in autofrothers, steam wands & frothing pitchers
- ▶ Ensures efficient and extended working of the machine
- ▶ Comes in a dual-chamber 1L bottle that contains a built-in measuring device
- ▶ Delivers over 30 uses per bottle
- ▶ 1 Lt. bottle

Ovens Solid detergents

Solid detergents ideal for all type of cooking and demanding sites. SkyClean is an automatic and built-in self cleaning system with integrated descaling of the steam generator

Code 0S2395

C22 Cleaning tab

- ▶ Effective cleaning tab for ovens with integrated washing cycles.
- ▶ Concentrated formula effective with low dosage.
- ▶ No risk of premature breakage.
- ▶ Intensively tested in Electrolux Professional laboratories
- ▶ 100 tabs bucket; 65 gr. each

Code 0S2394

C25 Rinse & Descale Tab

- ▶ Effective rinse&descale tab for ovens with integrated washing cycles.
- ▶ For a fast drying with a perfectly shining cavity and a descaled boiler.
- ▶ Concentrated formula effective with low dosage.
- ▶ No risk of premature breakage.
- ▶ Intensively tested in Electrolux Professional laboratories
- ▶ 50 tabs buckets; 30 gr. each

Usage table

Type of dirt	number of C22 Cleaning tabs		number of C25 Rinse&Descale	
	6GN/10GN	20 GN	6GN/10GN	20 GN
soft	1	2	1	2
medium	2	3	1	2
strong	3	4	1	2
extra strong	4	6	1	2

Up to -15%* of running cost: savings on energy, water, detergent and rinse aid

the use of original detergents ensures ideal performance and durability of your oven.

* calculated using SkyClean function versus equivalent cleaning cycle on previous Electrolux Professional oven range. Data available in April 2019.

Ovens Liquid detergents

Code 0S2282

C20 Extra Strong Detergent for Ovens

- ▶ High degreasing power for ovens with integrated washing cycle
- ▶ **Environmental friendly chemical with revised formula without EDTA**
- ▶ Reliability commitment with no risk of premature parts break due to chemical usage
- ▶ Intensively field tested by Experts and Customers
- ▶ Safety commitment with QR code for immediate Safety Data Sheet download
- ▶ Ergonomic packaging with n.2 x 5 liter jugs for easy handling and stocking

Code 0S2283

C21 Extra Strong Rinse Aid for Ovens

- ▶ Quick drying and perfect shining cavity for ovens with integrated washing cycle
- ▶ Eco friendly chemical with low environmental impact by use of vegetable origin surfactants
- ▶ Reliability commitment with no risk of premature parts break due to chemical usage
- ▶ Intensively field tested by Experts and Customers
- ▶ Safety commitment with QR code for immediate Safety Data Sheet download
- ▶ Ergonomic packaging with n.2 x 5 liter jugs for easy handling and stocking

Accessories for liquid chemicals

Code 0S2347

Wall mounted holder for detergent tank

- ▶ Ideal to keep detergents away from the floor

Code 0S2559

Open base hanging holder

- ▶ Ideal to keep detergents away from the floor

Code 922618

Connection kit

- ▶ External connection kit for liquid detergent/rinse aid

Dishwashing detergents

To get the **best washing results**, you need to choose not only the **right machine** and matching the proper **water treatment system**, but also to select the **specific detergent and rinse aid**. To provide our customers the most specific solution for every need, we have developed two couples of detergents and a selection guide that can be found on the next pages.

All our dishwashing detergents have controlled foaming properties and have demonstrated excellent results when compared to currently distributed commercial brands.

Furthermore, by using genuine Electrolux Professional detergents, the life of the glasses is extended since they are not worn by the chemical aggression of a standard detergent and rinse aid (see testing results on pag.13).

Code 0S2092

C11 Detergent for Dishwashers

- ▶ Concentrated formula for reduced consumption
- ▶ Ideal for all types of crockery: ceramic, porcelain, glass, crystal and metal
- ▶ Its delicate aroma helps minimize the unpleasant odor which can sometimes be found in dishwashers
- ▶ Highly recommended for restaurants preparing fish and sea food
- ▶ Particularly suitable for hard and medium hard water
- ▶ Intensively field tested by Experts and Customers
- ▶ Low environmental impact with reduced carbon footprint
- ▶ Reliability commitment with no risk of premature parts break due to chemical usage
- ▶ Ergonomic packaging with n.2 x 5 liters jugs for easy handling and stocking

Code 0S2094

C12 Rinse Aid for Dishwashers

- ▶ Concentrated formula for reduced consumption
- ▶ Ideal for all types of crockery: ceramic, porcelain, glass, crystal and metal
- ▶ Removes lime scale from dishes, leaving a perfect bright surface
- ▶ Reduced appliance lime scale deposit
- ▶ Guarantees sparkling clean and dry crockery
- ▶ Perfect drying results guaranteed, without manual actions
- ▶ Particularly suitable for hard and medium hard water
- ▶ Intensively field tested by Experts and Customers
- ▶ Eco friendly chemical with low environmental impact by use of vegetable origin surfactants
- ▶ Ergonomic packaging with n.2 x 5 liters jugs for easy handling and stocking

ECO friendly

ECO friendly

ECO friendly

Code 0S2093

C13 Eco Detergent for Dishwashers

- ▶ Highly concentrated and Ecofriendly formula without EDTA, NTA and polyphosphates
- ▶ Ideal for all type of crockery: ceramic, porcelain, glass, crystal and metals
- ▶ Particularly suitable for soft water
- ▶ Very efficient in case of dried food residues on all kind of dishes
- ▶ Intensively field tested by Experts and Customers
- ▶ Reliability commitment with no risk of premature parts break due to chemical usage
- ▶ Eco friendly detergent with low environmental impact and reduced carbon footprint
- ▶ Ergonomic packaging with n.2 x 5 liters jugs for easy handling and stocking

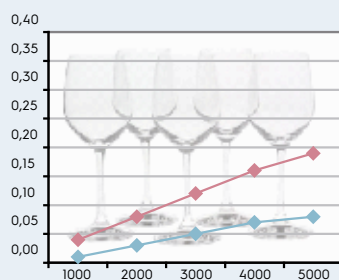

Code 0S2904

C15 Eco Rinse Aid for Professional Dishwashers

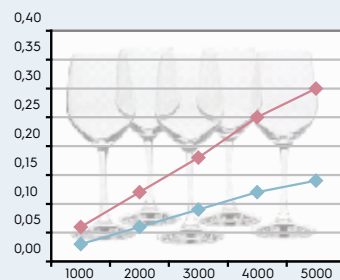

- ▶ Ideal for all types of crockery: ceramic, porcelain, glass, crystal, metal and plastic
- ▶ Neutral pH
- ▶ Removes lime scale from dishes, leaving a perfect bright surface
- ▶ Reduced appliance lime scale deposit
- ▶ Guarantees sparkling clean and dry crockery
- ▶ Perfect drying results guaranteed, without manual actions
- ▶ Particularly suitable soft and osmotized water
- ▶ Intensively field tested by Experts and Customers
- ▶ Eco friendly detergent with low environmental impact by use of vegetable origin surfactants
- ▶ Ergonomic packaging with n.2 x 5 liters jugs for easy handling and stocking

Did you know that your glasses loose “weight” each cycle and become more and more fragile?

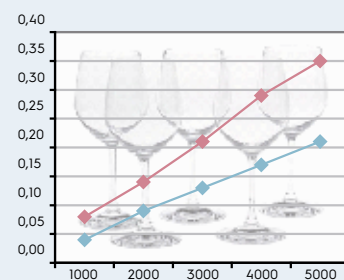

Soda-lime (the most common glass)

Crystal (crystal glass)

Lead crystal (best quality glass)

◆ Glass weight loss using Electrolux Professional recommended solutions
◆ Glass weight loss using standard chemicals

Code 0S2362

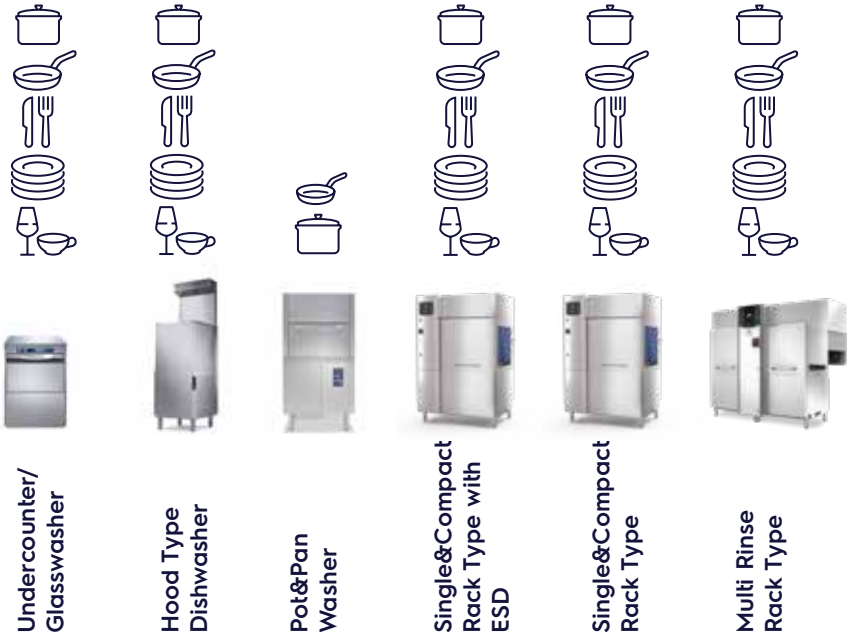

C30 Multipurpose descaler

- ▶ Effectively eliminates encrustations and scale from washing appliances and boilers of any professional equipment
- ▶ The regular use of C30 Multipurpose descaler keeps the equipment always efficient, while slowing down the natural wear and tear
- ▶ Thanks to its low foaming power, C30 Multipurpose descaler is recommended for cleaning boilers and equipment with an automatic descaling device
- ▶ The neutral fragrance makes its use more pleasant
- ▶ Ergonomic packaging with n.2 x 5 liters jugs for easy handling and stocking

Tools & Tips for Technicians

Before you head out to your customer, make sure to have the right tools with you.

1

To measure water hardness you need

OS1701
Carbonate and total hardness test

OS2916
Carbonates chemical analysis; 100 test sticks

2

To verify the pH you need:

OS0481
Laboratory pH meter: PH/EC/TDS meter; HI9812; 100ml

OS2245
Portable pH meter

don't forget also:

OS2383
solution to preserve electrodes

OS2255
spare electrode for OS2245 pH meter

OS2246
Solution pH 7.01

OS2247
Solution pH 4.01

OS2248
Solution pH 5.25

OS1707
TDS solution for calibrating electrodes

3

You may also need:

OS0585
TT chloride test kit chemical kit

OS2917
Iron chemical analysis; 100 test sticks 2383

4

Also available a kit with main components:

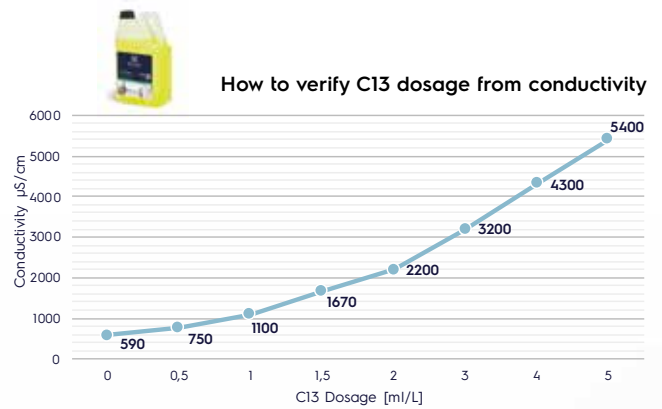

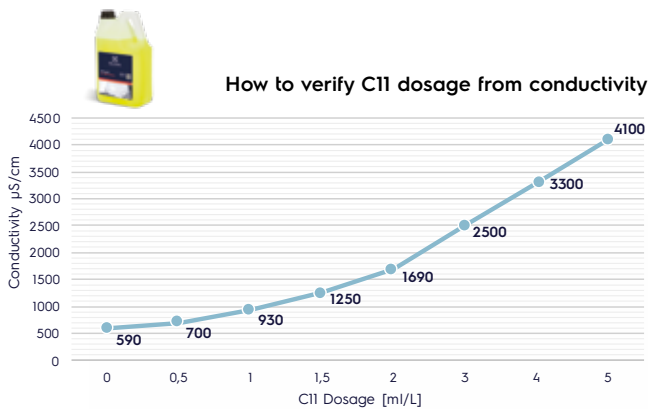

OS2956
Water analysis box LAB KIT

OS2957
Water analysis box BASIC KIT

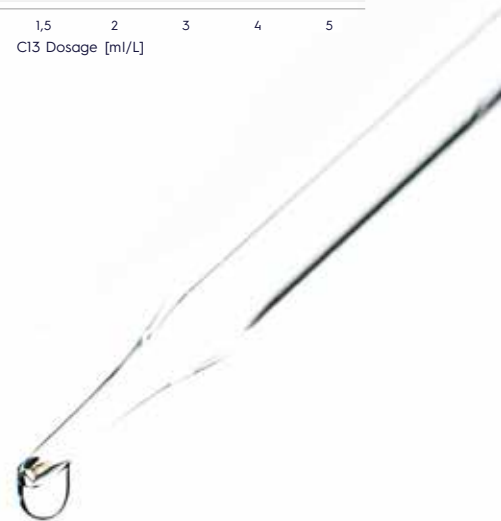

How to determine detergent concentration from conductivity Measurement from hot water

- ▶ First of all, we strongly suggest to measure water hardness
- ▶ Set the dosages according to water hardness and product technical data sheets
- ▶ After the first detergent load, pick up from the water tank 300ml of hot water (around 60°C)
- ▶ Immerse the conductivity/pH meter in the solution and wait about a minute to let the value stabilize.
- ▶ Pay attention to the unit of measurement shown by the instrument (1 mS corresponds to 1000 μ S)
- ▶ Refer to the chart or the picture and find out to the dosage in ml/L starting from the conductivity (μ S/cm) you have identified.
- ▶ If necessary, reset the dosing pump and check after 10 washing cycles.

Conductivity VS Concentration Chart

Dosage ml/L	Conductivity μ S/cm using C11 Detergent	Conductivity μ S/cm using C13 Detergent
0	590	590
0,5	700	750
1	930	1100
1,5	1250	1670
2	1690	2200
3	2500	3200
4	3300	4300
5	4100	5400

SpeeDelight detergent

Code 0S2292

C41 Hi-temp Rapid Degreaser

- ▶ Specifically developed formula to use with SpeeDelight and Hot Surfaces
- ▶ Best cleaning performance at high temperature, protecting glass, silicon and stainless steel
- ▶ Food safe detergent
- ▶ Makes daily cleaning easier and faster, removing all type of carbonized residuals
- ▶ Intensively field tested by Experts and Customers
- ▶ Reliability commitment with no risk of premature parts break due to chemical usage
- ▶ Safety commitment with QR code for immediate Safety Data Sheet download
- ▶ N. 6 x 1 liter bottles with practical nozzle, including an extra spraying unit

Degreaser

Code 0S1841

C40 Degreaser for Hot Surfaces

- ▶ Recommended for fry tops and braising pans with mild steel or chromed surfaces
- ▶ Best cleaning performance at high temperature (165°C - 175°C), without damaging cooking surfaces
- ▶ **Food safe detergent**
- ▶ Makes daily cleaning easier and faster, removing all type of carbonized residuals
- ▶ Eliminates the risk of food cross-contamination
- ▶ Intensively field tested by Experts and Customers
- ▶ Reliability commitment with no risk of premature parts break due to chemical usage
- ▶ Safety commitment with QR code for immediate Safety Data Sheet download
- ▶ Packaging consisting of n.6 x 1 liter bottles with practical nozzle, including an extra spraying unit

lagoon® Advanced Care

Electrolux Professional lagoon® Advanced Care system is delicate on fabrics, gentle on the environment, and a game changer for the business.

It is the only wet-cleaning system capable of offering excellent cleaning results in a truly sustainable way, with the same seamless handling and high productivity of a dry cleaning process.

Code 0W7095 - PNC 432731085 (20 lt tank) / Code 0W7096 - PNC 432731086 (10 lt tank)

W01 - lagoon® Sensitive Detergent

Detergent for use in professional wet cleaning, with the appropriate Electrolux Professional lagoon® wet cleaning programs and together with W03 - lagoon® Sensitive Conditioner.

Code 0W7099 - PNC 432731089 (20 lt tank) / Code 0W709A - PNC 432731090 (10 lt tank)

W02 - lagoon® Delicate Detergent

Detergent for use in professional wet cleaning. With the appropriate Electrolux Professional lagoon® wet cleaning programs for mixed fibers and together with W03 - lagoon® Sensitive Conditioner. Suitable for washing colored textiles at 40 °C.

Code 0W7097 - PNC 432731087 (20 lt tank) / Code 0W7098 - PNC 432731088 (10 lt tank)

W03 - lagoon® Sensitive Conditioner

Conditioner for use in professional wet cleaning. With the appropriate Electrolux Professional lagoon® wet cleaning programs and together with W01 - lagoon® Sensitive Detergent for delicate fibers. Suitable for robust fabrics together with W02 - lagoon® Delicate Detergent.

Complete
range of smart
detergents for
unprecedented
results.

Pre-spotting agents

Code 0W709B - PNC 432731091
(1 pack of two 5 lt tanks)

A01 - lagoon® Pre-treatment

Universal mild prebrushing agent to use in professional wet cleaning. Can be applied as pre-treatment on any type of fiber.

Code 0W709E - PNC 432731094
(1 pack of six 0.5 lt bottles)

P01 - lagoon® Protein Stain Remover

Pre-spotting agent for use in professional wet cleaning. To be applied as pre-treatment on stains caused by blood, egg, milk, vomit and urine.

Code 0W709C - PNC 432731092
(1 pack of six 0.5 lt bottles)

P02 - lagoon® Tannin Stain Remover

Pre-spotting agent for use in professional wet cleaning. To be applied as pre-treatment on stains caused by fruits, coffee, tea, red wine and grass.

Code 0W709D - PNC 432731093
(1 pack of six 0.5 lt bottles)

P03 - lagoon® Grease Remover

Pre-spotting agent for use in professional wet cleaning. To be applied as pre-treatment on stains caused by waxes, polishes, oils, greases and make-up.

Code 0W709F - PNC 432731095
(1 pack of six 0.5 lt bottles)

P04 - lagoon® Ink Remover

Pre-spotting agent for use in professional wet cleaning. To be applied as pre-treatment on synthetic stains, stains caused by inks, adhesives, lacquers, synthetic paints and tar.

Code 0W7LLV - PNC 432731110

Starter kit

contains 4x0.5L of P01, P02, P03, P04
The perfect solution to have the chance to test our spotting agents

Special purpose products

Code 0W709K - PNC 432731099

lagoon® Leather & Shoe Cleaning Starter - Kit

The kit consist of all tools that ensure basic and advanced treatment of leather textiles in the lagoon® Advanced Care - cleaning process

Washers & Dryers

The new range of Laundry detergents has been developed to offer high quality, safety and effectiveness ensuring a low environmental impact thanks to reduced water pollution, waste production and energy consumption compared to standard product on the market. Electrolux Professional commitment is guaranteed by **ECOLABEL** and **NORDIC SWAN** certification and approval. Furthermore, our range has been formulated to reduce at minimum the risk of sensitization to provide safe and effective detergents for all users up to the final customer wearing a textile washed with **HYPOALLERGENIC** and **DERMATOLOGICALLY TESTED** products*.

Code 0W7Y6G
PNC 432731829
(20 lt tank)

L00 – Laundry Eco Degreaser

An efficient surfactant degreaser very active on animal fats and vegetable oils. Suitable for restaurant linen, work wear, and for treatment of stubborn oily stains. Use it in addition to L02 and L03.

Code 0W7RBB
PNC 432731139
(15 kg bag)

L01 – Laundry Eco Powder

High-performance powder detergent allowing a perfect cleaning with a minimum dose. Removes grease and stains protecting fabrics and colors. Lightly scented.

Code 0W7RBC
PNC 432731140
(20 lt tank)

L02 – Laundry Eco Wash

Liquid detergent for all linen, with strong efficacy even at 30°C and low doses. Respects textile fibers and colours by giving them back the original luster.

Code 0W7RBF
PNC 432731143
(20 lt tank)

L03 – Laundry Eco Booster

In case of difficult soil and in presence of hard/very hard water, L03 Laundry Eco Booster ensures high standard performances. Use it in combination with L01 or L02 detergents.

Code 0W7RBD
PNC 432731141
(20 lt tank)

L04 – Laundry Eco Bleach

New generation of bleaching agent, effective even at 30°C while preserving textiles quality and colors.

Code 0W7RBE
PNC 432731142
(20 lt tank)

L05 – Laundry Eco Softener

Slightly scented softener for pleasant textiles, easy ironing and with no residuals of static electricity.

*L00 – Laundry Eco Degreaser is still under testing, the rest of the range have already completed the tests with positive results

Satisfying the requirements of the **EUROPEAN ECOLABEL** means respecting very strict specifications on raw materials, high performance criteria and rigorous environmental-friendly approach.

The EU Ecolabel helps you identify products and services that have a **reduced environmental impact throughout their life cycle**, from the extraction of raw material through to production, use and disposal. Recognised throughout Europe, EU Ecolabel is a voluntary label promoting environmental excellence which can be trusted. Providing you a complete range of products including detergent, booster, softener and bleach reflects a strong commitment on the entire process.

Using our **NORDIC SWAN** products range means providing effective cleaning with the guarantee of a green process from raw material choices to performance tests, verified by an external auditing procedure.

The **Nordic Swan Ecolabel** is the official Ecolabel of the Nordic countries, a voluntary and positive practical tool for consumers to help them actively choose environmentally sound products. The Nordic Swan Ecolabel is an ISO 14024 type 1 Ecolabelling system and it is a third-party control organ. Products carrying the Nordic Swan Ecolabel meet extremely high environmental and often climate requirements.

The life-cycle perspective of the product is analysed, i.e., **the product's impact on the environment from raw material/source to waste.**

Criteria is also set with regard to quality, health aspects and performance/ functionality. Each product group has overriding general criteria requirements as well as product-specific requirements.

Code 0W7RBG - PNC 432731144 (20 lt tank)

L06 - Laundry Swan Wash

Strong detergent for the most stubborn stain. Phosphate and silicate free alkaline detergent for excellent stain removal. Effective even on garment and work wear.

Code 0W7RBH - PNC 432731145 (20 lt tank)

L07 - Laundry Swan Gentle Wash

Detergent for the most stubborn stain. Liquid detergent for all types of tissues even colored. Excellent soil and stain removal properties. Prevents "greying" of tissues.

Code 0W7RBI - PNC 432731146 (20 lt tank)

L08 - Laundry Swan Bleach

Peracetic base bleach. Provides outstanding bleaching performances. Acts also as an alkalinity neutralizer to bring your tissues back to a neutral pH.

Code 0W7RBJ - PNC 432731147 (20 lt tank)

L09 - Laundry Swan Softener

Softener for all textiles. Optimal softening effect, also at short cycle times; diminishes static electricity. Ensures fast drying and easy to be ironed textiles.

Maintain a high standard drying experience with a periodic cleaning of your tumble dryers thanks to a fast and easy descaling process allowing the Moisture Balance function sensors to act efficiently and also ensuring to remove any eventual soap/softener that could remain.

Code 0S2394

C25 Rinse & Descale Tab

The perfect combination of citric acid (Acidum citricum) together with our dedicated formula ensures a perfect removal of any limestone and/or soap and softener residuals. Dissolve 1 tab in 1 liter of water and rinse the tumble dryer. If necessary you can use the **scouring pad** (0W7PM8)

Descaling detergents

Code 0S2362

C30 Multipurpose descaler

- ▶ Effectively eliminates encrustations and scale from washing appliances, boilers and other professional equipment (dishwashers, ovens, pasta cookers, bain marie, washing machines etc.). Refer to the Product Data Sheet (PDS) for process details.
- ▶ The regular use of C30 Multipurpose descaler keeps the equipment always efficient, removing scale while slowing down the natural wear and tear
- ▶ Thanks to its low foaming power, C30 Multipurpose descaler is recommended for cleaning boilers and equipment with an automatic descaling device
- ▶ The neutral fragrance makes its use more pleasant
- ▶ 1 pack of two 5 lt tanks

Take care of
your appliances
ensuring better
performances
and longevity
with dedicated
detergents

Code 0S2394

C25 Rinse & Descale Tab

- ▶ Effective rinse&descale tab for ovens with integrated washing cycles.
- ▶ Dissolve 1 tab in 1 liter of water to clean tumble dryer's drum removing soap/softener residuals
- ▶ For a fast drying with a perfectly shining cavity and a descaled boiler.
- ▶ Concentrated formula effective with low dosage.
- ▶ No risk of premature breakage.
- ▶ Intensively tested in Electrolux Professional laboratories
- ▶ 50 tabs buckets; 30 gr. each

The new solid oven descaler can be used even for a professional cleaning of tumble dryers' drum

Code 0S2882

S02 - Degreaser

Electrolux Professional Degreaser is a highly concentrated detergent to clean and remove grease from appliances, surfaces and floors.

Recommended Dose: 20ml per 500ml of water.
The bottle contains 1 liter.

Code 0S2883

S03 - Hygienizer

Electrolux Professional Hygienizer is a highly concentrated detergent for a deep clean of bowls, internal components of beverage appliances and all surfaces.

Recommended Dose: 20ml per 500ml of water.
The bottle contains 1 liter.

Code 0S2884

S04 - Glasses & Hard Surfaces Cleaner

Electrolux Professional is a concentrated cleaner for all washable surfaces, like as glass, mirror, marble, working tops, induction and cook top.

Recommended Dose: 20ml per 500ml of water.
The bottle contains 1 liter.

Water treatment

Index

Automatic water softeners	page 36
Manual water softeners	page 39
Water softeners consumables	page 40
Water treatment	page 41
Water treatment with reverse osmosis system	page 44

Providing the proper water treatment will:

- ▶ avoid the risk of altering the taste and appearance of your foods
- ▶ reduce scale build-up therefore de-liming is less frequent, thus resulting in additional savings in operating costs
- ▶ extend the life of your appliance
- ▶ guarantee lower maintenance costs

Electrolux Professional suggests you to check your water quality in order to choose the right water treatment solution:

- ▶ water softener for high concentration of calcium
- ▶ water nanofilter or reverse osmosis filter for high concentration of calcium and chloride

Pumps for food segment

Peristaltic pump for detergent

model PR4 with analogic dosing regulation squeeze tubes made in santoprene used as accessory for the dishwashers without built-in dosing systems

- ▶ Easy regulation
- ▶ Supplied with fixing bracket, injection connection, suction tube, outlet tube and filter

Code	Compatible with
OS0669	glasswasher, undercounter, front loading, hood type, rack type without built-in dosing system

- ▶ Power consumption: 3,5w
- ▶ Power supply: 230V, 50Hz
- ▶ Pressure: 0,1 bar
- ▶ Flow: 0,6 - 4l/h

Fixed speed peristaltic pump for detergent

model PR6 with analogic dosing regulation by conductivity probe, squeeze tubes made in santoprene

- ▶ Used as accessory for the dishwashers without built-in dosing systems
- ▶ Easy regulation
- ▶ Supplied with fixing bracket, injection connection, suction tube, outlet tube filter and conductivity probe

Code	Compatible with
OS0670	glasswasher, undercounter, front loading, hood type, rack type without built-in dosing system

- ▶ Power consumption: 3,5w
- ▶ Power supply: 230V, 50Hz
- ▶ Pressure: 0,1 bar
- ▶ Flow: 6l/h

Peristaltic pump for rinse aid

model PR1 with analogic dosing regulation tubes made in Sekobril

- ▶ Used as accessory for the dishwashers without built-in dosing systems
- ▶ Easy regulation
- ▶ Supplied with fixing bracket, injection connection with non-return valve, suction tube, outlet tube, filter, pipe connection of "fi" 6-8 mm, for single tank machines

Code	Compatible with
OS0671	glasswasher, undercounter, front loading, hood type, rack type without built-in dosing system

- ▶ Power consumption: 3,5w
- ▶ Power supply: 230V, 50Hz
- ▶ Pressure: 3 bar
- ▶ Flow: 0,2 - 1l/h

0U1032 Dosing pump G200

230V 50Hz;
detergent flow rate 0.777g/sec,
max flow rate 2 l/h

OS0672 Dosing system TWINDOSE 40

- ▶ Microprocessor control with LCD display
- ▶ Detergent dosing - conductivity or timed
- ▶ Rinse aid dosing - speed or timed
- ▶ Detergent pump: santoprene tube flow rate 12.5 l/h
- ▶ Rinse aid pump: SekoBril tube
- ▶ Flow rate 2.5 l/h 3 bar
- ▶ Max absorb. 20 W
- ▶ Switching power supply from 80 to 265 Vac 50Hz for tunnel machines

Pumps for food segment

- OL3182**
Rinse aid dispenser
- ▶ Flow adjustment screw
 - ▶ From 0 to 4 cm³/cycle complete with
 - ▶ Hose connectors
 - ▶ Bottom filter with bushing in steel and tube

- OL3200**

 model PG 0.4
- ▶ Flow rate: 0.4 l/h
 - ▶ Pressure: 3 bar
 - ▶ Power supply: 230 V - 50/60 Hz
- complete with:
- ▶ 4 m PE tube 4x6, filter and bottom weight, rinse aid
 - ▶ Injection valve
 - ▶ ROHS certification

- OS1986**
Detergent peristaltic pump
 model PG 3
- ▶ Flow rate: 3 l/h
 - ▶ Pressure: 0.1 bar
 - ▶ Power supply: 230 V - 50/60 Hz
- complete with:
- ▶ 4 m PE tube 4x6, filter and bottom weight, passwall
 - ▶ ROHS certification

- OS0706**
Rinse aid peristaltic pump
 model NBR 0.4
- ▶ Flow rate reg. t/p: 0.4 l/h
 - ▶ Pressure: 3bar
 - ▶ Power supply: 230V- 50Hz
- complete with:
- ▶ 2 m suction pipe
 - ▶ 2 m delivery pipe, s/steel bottom weight and filter, injection connection with non-return valve for rinse aid
 - ▶ ROHS certification

- OS1987**
Detergent peristaltic pump
 model NBR 3
- ▶ Flow rate reg. t/p : 3 l/h
 - ▶ Pressure: 0.1 bar
 - ▶ Power supply: 230V - 50 Hz
- complete with
- ▶ pipes and connections
 - ▶ ROHS certification

Pumps for laundry segment

*Suitable for all the ClarusVibe models

Jetsave

Venturi pumps, designed for easy installation, easy programming, easy savings, enhance the accuracy of chemical delivery while reducing costly system maintenance.

- ▶ **ClarusVibe:** Electrolux Professional washer extractors with ClarusVibe control.
- ▶ **Save on chemicals:** impossible to avoid chemical savings, never overuse chemicals again.
- ▶ **Easy installation:** plug&play connection from washers. No need to open the washer's panels for wiring.
- ▶ **Easy programming:** all is managed by ClarusVibe from washers in ml/kg. No need extra PC with dedicated software installed.
- ▶ **Flexible pumps extension:** available for 2, 3, 4, 5, 6, 8 or 10 products, while if more needed, easily fit up to 15 pumps via modular extension.
- ▶ **Low level alarm:** always a step ahead when the chemical is running low. A warning message appears on the washers' ClarusVibe screen.
- ▶ **Statistics management:** All dosing reports/ statistics can be download directly from washer and easily monitor the savings.
- ▶ **Less maintenance:** no moving parts or squeeze tubes to wear out
- ▶ **Consistent dosage:** No drop-off, even over a long period of time.
- ▶ **Easier & tidier installation:** built-in flush manifold.

Safety at glance

QR code

All Electrolux Professional detergents present a label QR code for immediate safety data sheet download

Safety Data Sheet

Safety Data Sheets are compatible with all devices (i.e. smart phones, tablets, computers).

Just select your Country and the proper SDS will be immediately available to you.

A safety data sheet, or SDS, is a standardized document that contains safety and health data, chemical properties, health and environmental hazards, protective measures, as well as safety precautions for storing, handling, and transporting detergents .

Safety data sheets have sixteen sections; here the list of the sections you may be more interested in:

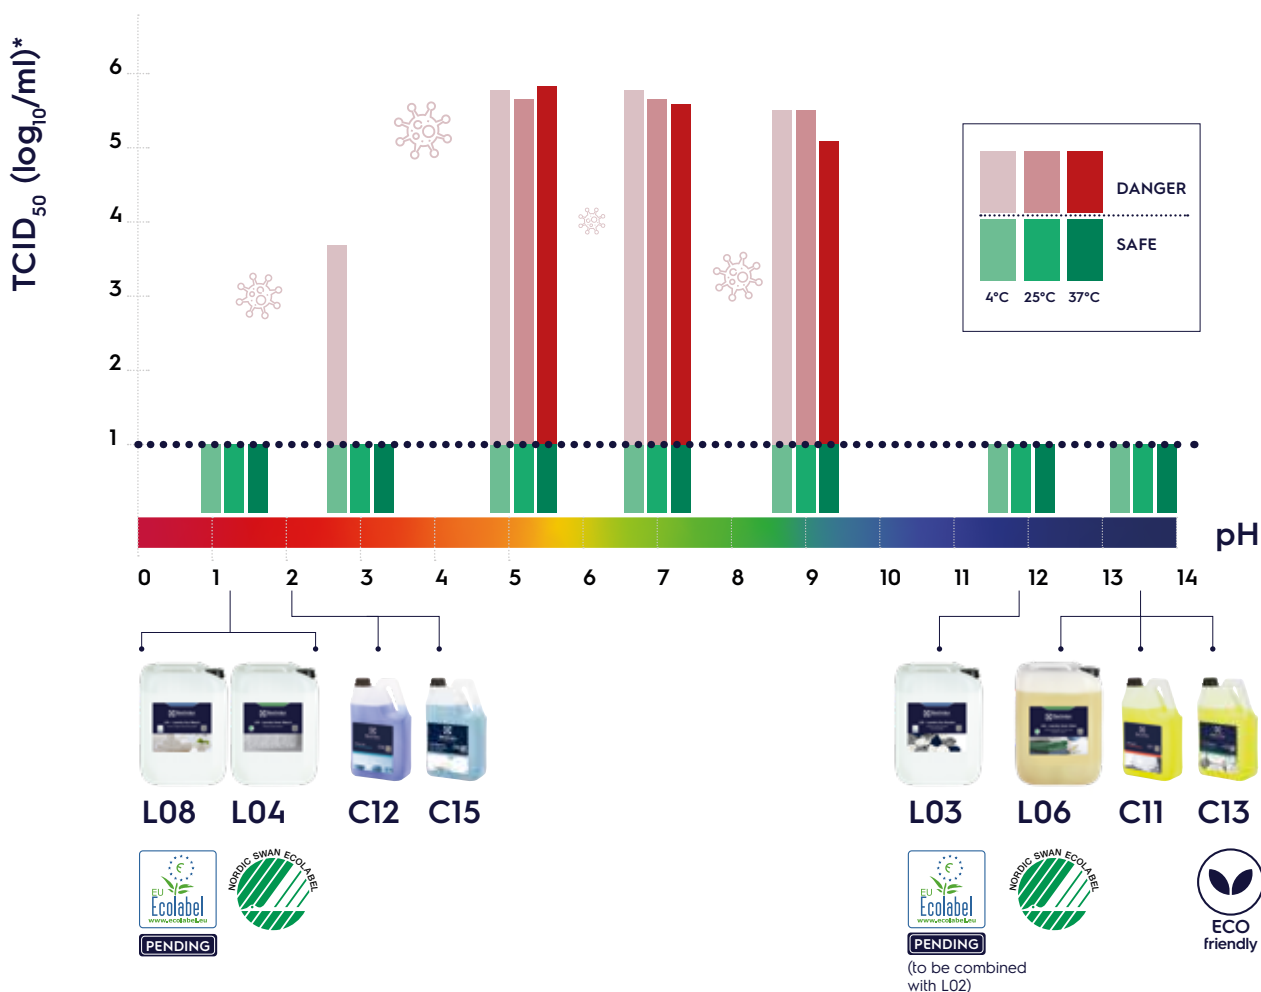

- Section 1** Product identifier and Emergency telephone numbers
- Section 3** Composition
- Section 4** First aid measures
- Section 7** Handling and storage
- Section 8** PPE
- Section 9** Physical and chemical properties
- Section 14** Transport Information

Virus: scientific studies on inactivation^{(1),(2)}

Combining our appliances to our selected chemicals grants a valid and effective solution to provide you, your customers and your staff with the confidence that their well-being is safeguarded at all times.

Infectivity of Coronavirus is sensitive^{(1), (2)} to:

- ▶ **Detergents with extreme pH values** (highly acid or highly alkaline)
- ▶ **High temperature exposure** for a certain period of time

* Logarithmic scale of coronavirus concentration after chemical substance and temperature exposure. Please note that safety is below the concentration line of log₁₀(1) which corresponds to zero units.

(1) M. E. R. Darnell et al., Inactivation of the coronavirus that induces severe acute respiratory syndrome, SARS-CoV, Journal of Virological Methods 121 (2004) 85-91

(2) Bio Basic Europe, Bibliographic verification aimed to assess the virucidal efficacy of processes and products used during washing and rinsing cycles with Electrolux Professional dishwasher, 17th July 2020
